Assembly Instructions

Thank you for your purchase.

Please follow the instructions below for correct assembly.

INSTRUCTION

This is a high-quality wooden ice hockey game, a fast and smart game, a beautiful gift for family and friends, a fast track dexterity game on one side and a strategy game on the other side. Lightweight and compact enough to carry. Ready to play either on the table or on the floor.

How to play

1. Two player game .
2. Start the game and place five pucks on each side of the board. Slide both ends of the elastic band into the side grooves so that they snap into place. The two players applauded the "High Ten" style to start the game.
3. The player uses an elastic band to launch the puck from the door until there is no puck next to it. Players don't turn, they just refill and shoot as fast as possible. Whoever clears the board first wins.
4. Extra Punisher Game Variations.
